Dear Chris:

The Registrar of the College of Physicians and Surgeons, Dr. Dixon, has asked me to acknowledge your letter of April 16, 1991, which has been passed on to the College by Marilou McPhedran, the Chairperson of the Task Force on Sexual Abuse of Patients.

The College is very sensitive to the concerns you express on behalf of your members, and certainly a situation which presents the sort of difficulties that you have outlined is one which we must all work very hard at resolving.

We have read, with interest, the materials that you have enclosed, and we are certainly very sympathetic to the concerns you have expressed as a Standing Committee on Human Rights and Disabled Persons.

The College would be very pleased to receive and deal with any complaint of a particular nature you or any of your members might be able to bring to us concerning these matters.

Please rest assured that the College will give serious and objective attention to any such matters.

Many thanks for corresponding with our Task Force and for bringing your understandable concerns to our attention.

Yours very truly,

John R. Carlisle, M.D., LL.B.
Deputy Registrar
